NURSING EDUCATION TO WORKFORCE PATHWAY

Presenters

Sandra Larson, PhD, APRN, CRNA, FAANA, FNAP
Founding Dean, College of Nursing, VP Clinical Partnerships

Shubhik DebBurman, PhD, Professor of Biological Sciences
Senior Director for Science Partnerships

Objectives

- Experience our story of building the community's commitment, direction, and alignment to solve Lake County's nursing workforce needs
- Explore an innovative longitudinal educational pathway to enhance the preparation and successful progression of learners into health profession careers
- Recognize the challenges to successful implementation of educational pathways

Objective #1

Experience our story of building community direction, commitment, and alignment to solve Lake County's nursing workforce needs

- What gaps were we seeking to fill?
- Why does this story matter?
- How are we approaching the challenge?

Educational Attainment = Health & Longevity

650 Interested in Nursing Careers

1:4 Adults have a BA Degree

\$27,000 Median Per Capita Income

\$125,000 Median Family Assets

Source: ESRI (2022). Data provided by Lake County Partners

Broad Coalition of Community Members

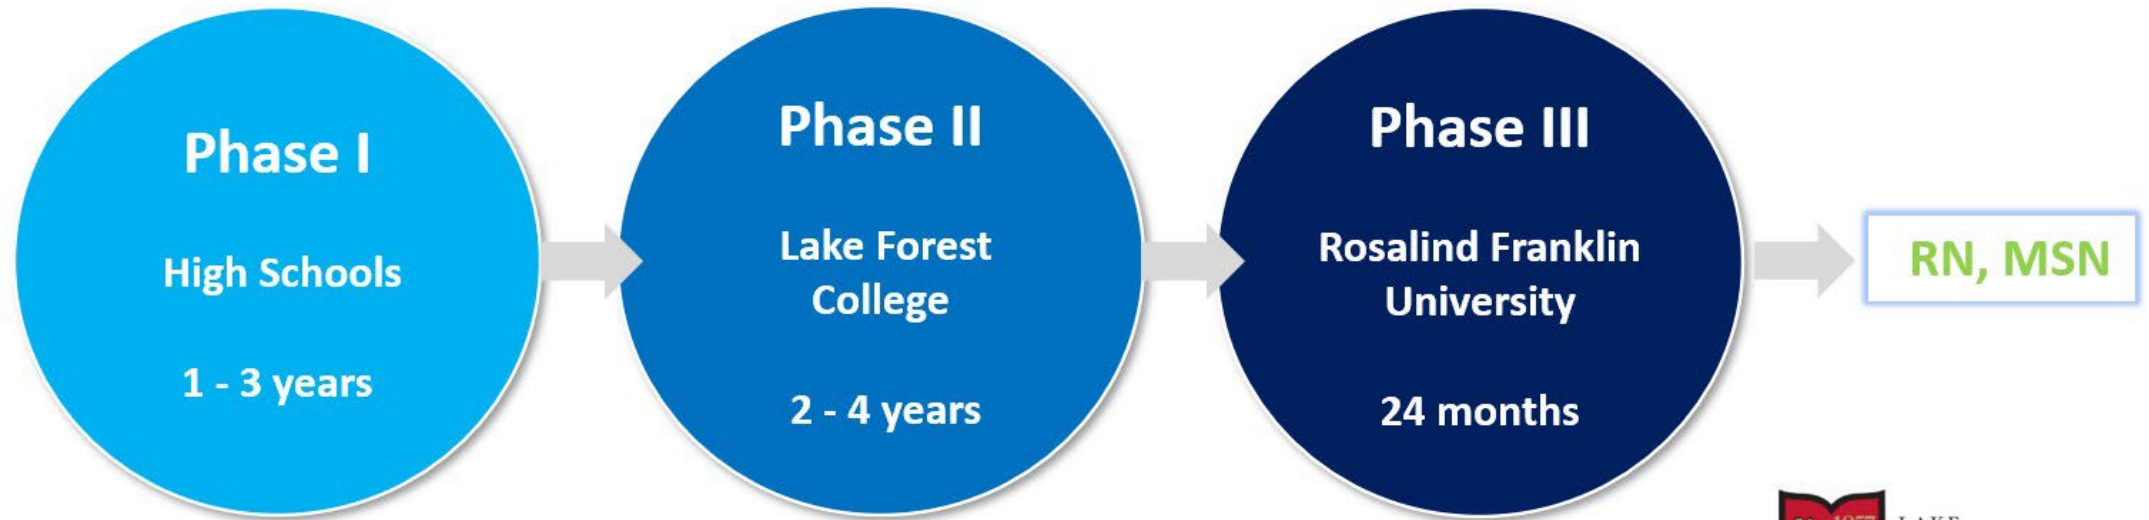

Objective #2

Explore an innovative longitudinal educational pathway to enhance the preparation and successful progression of learners into health profession careers

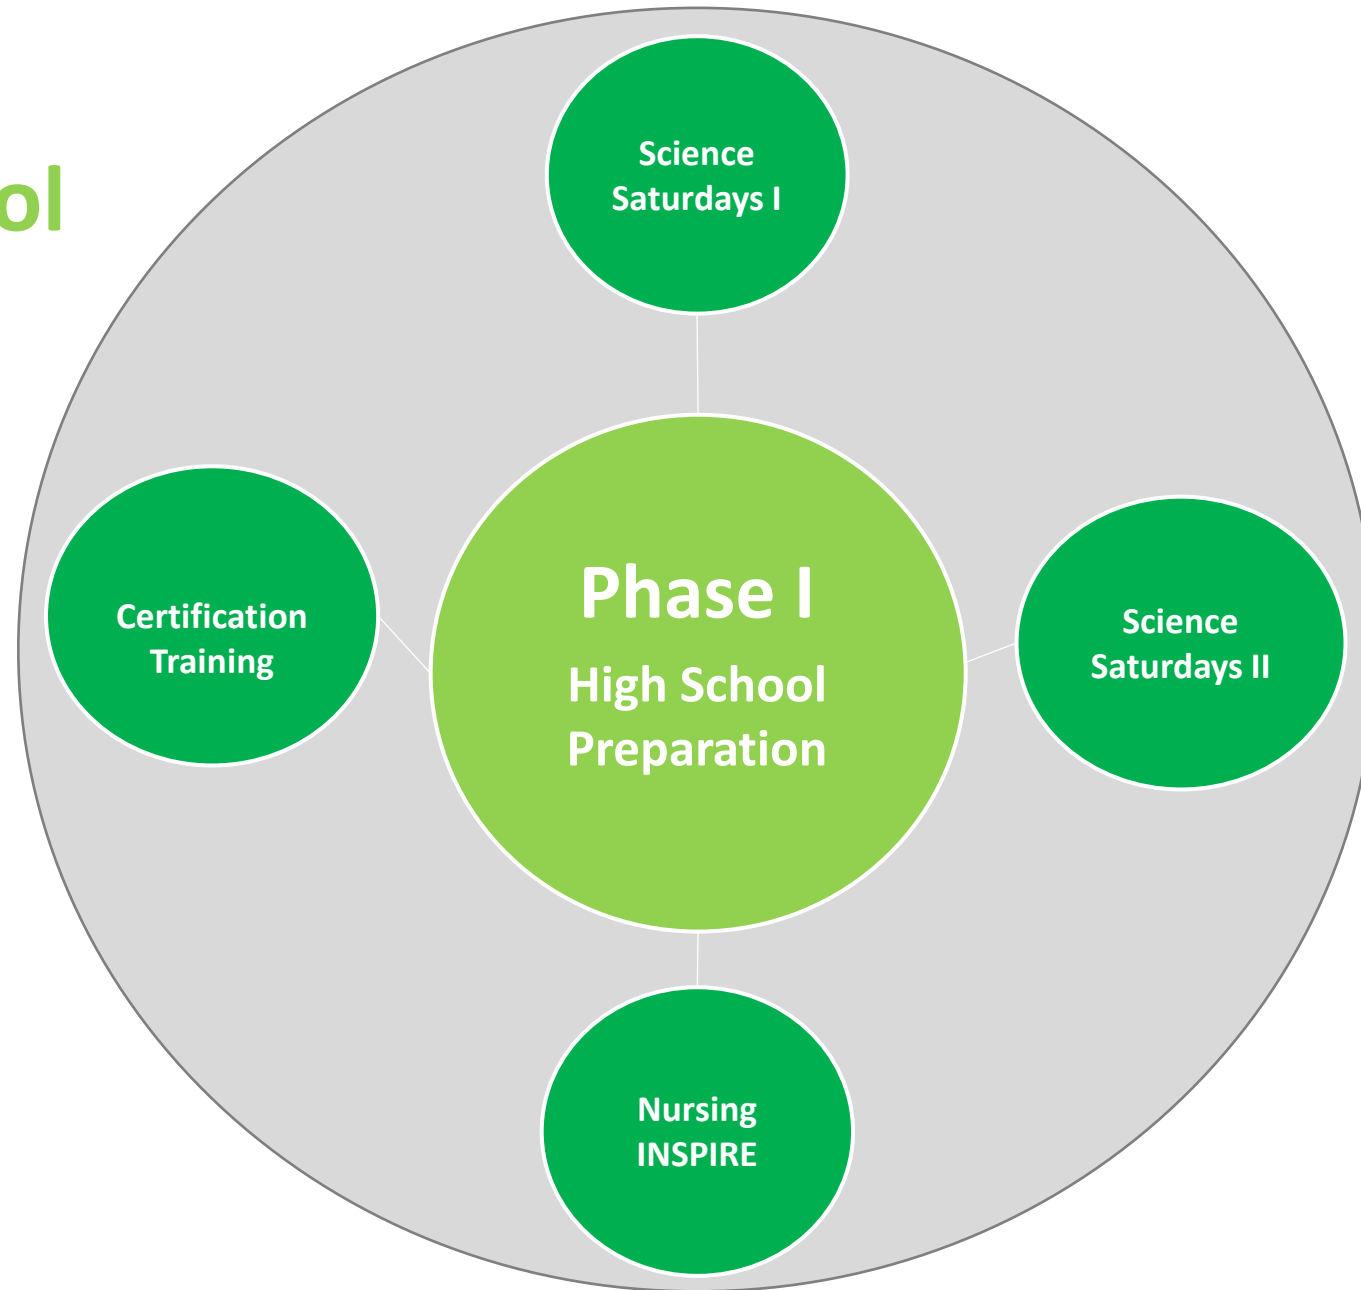

- What is the pathway?
- What is included in each Phase?
- What's the goal?

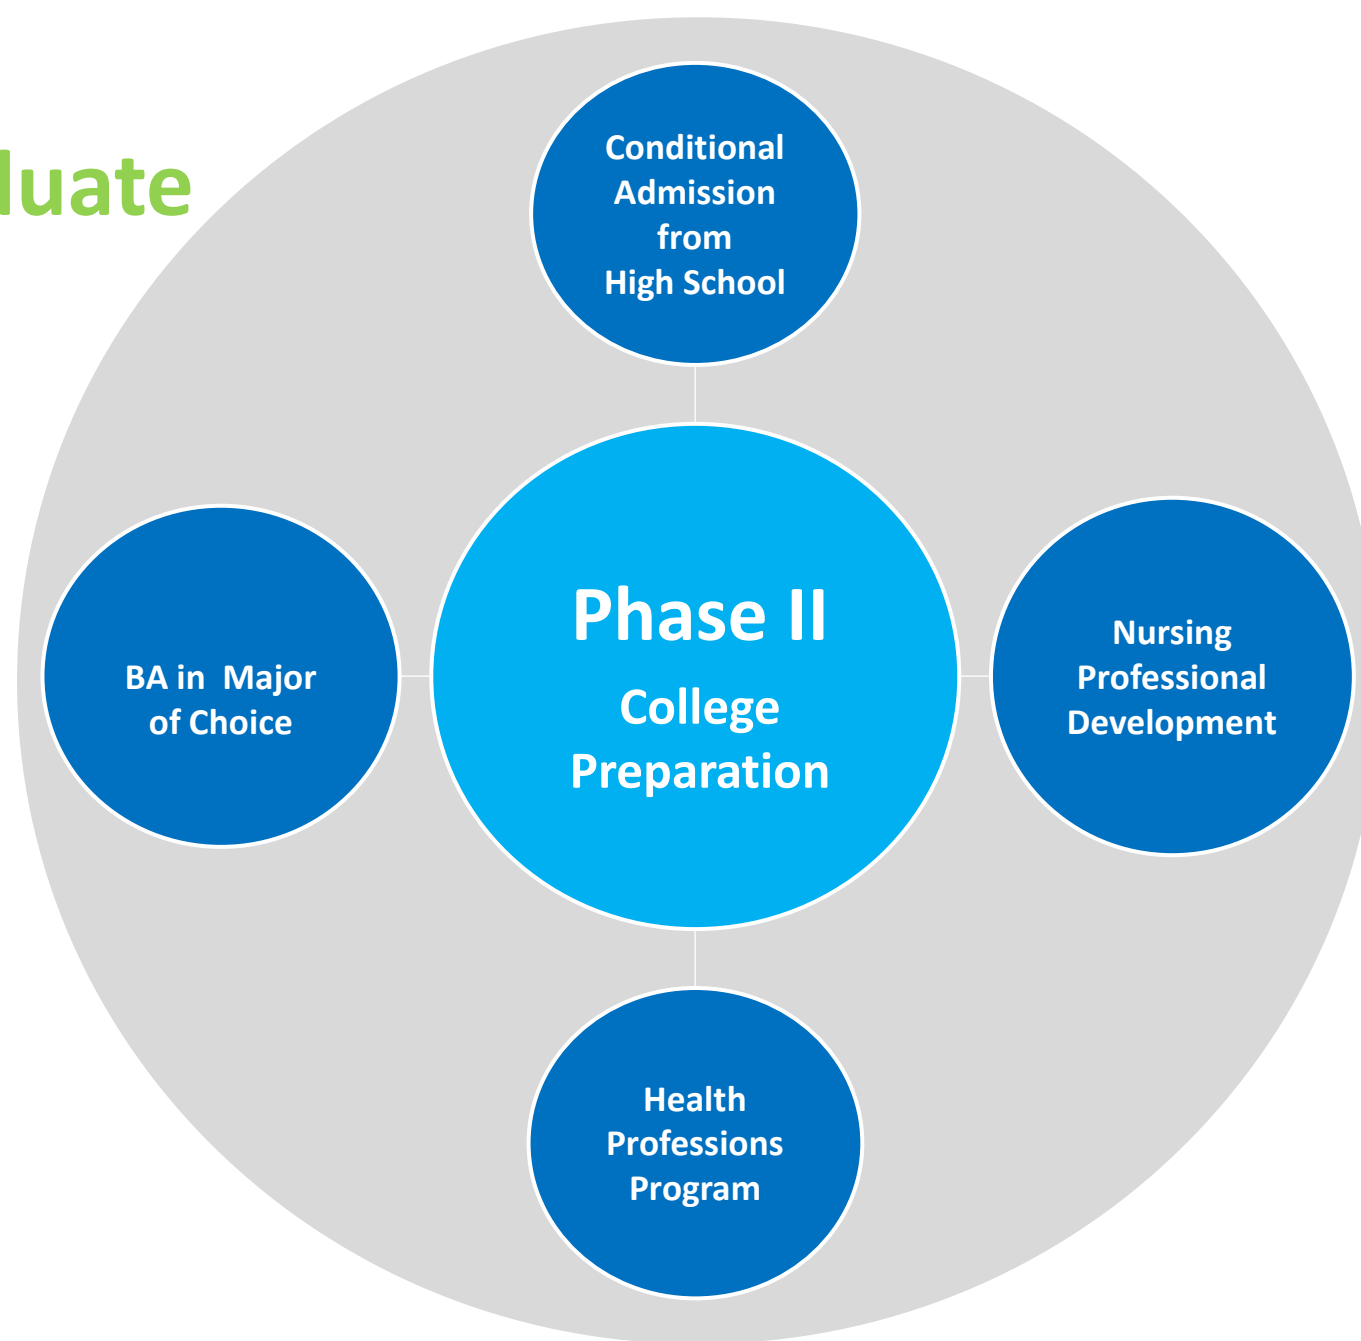

Building *an* Equitable Educational Journey

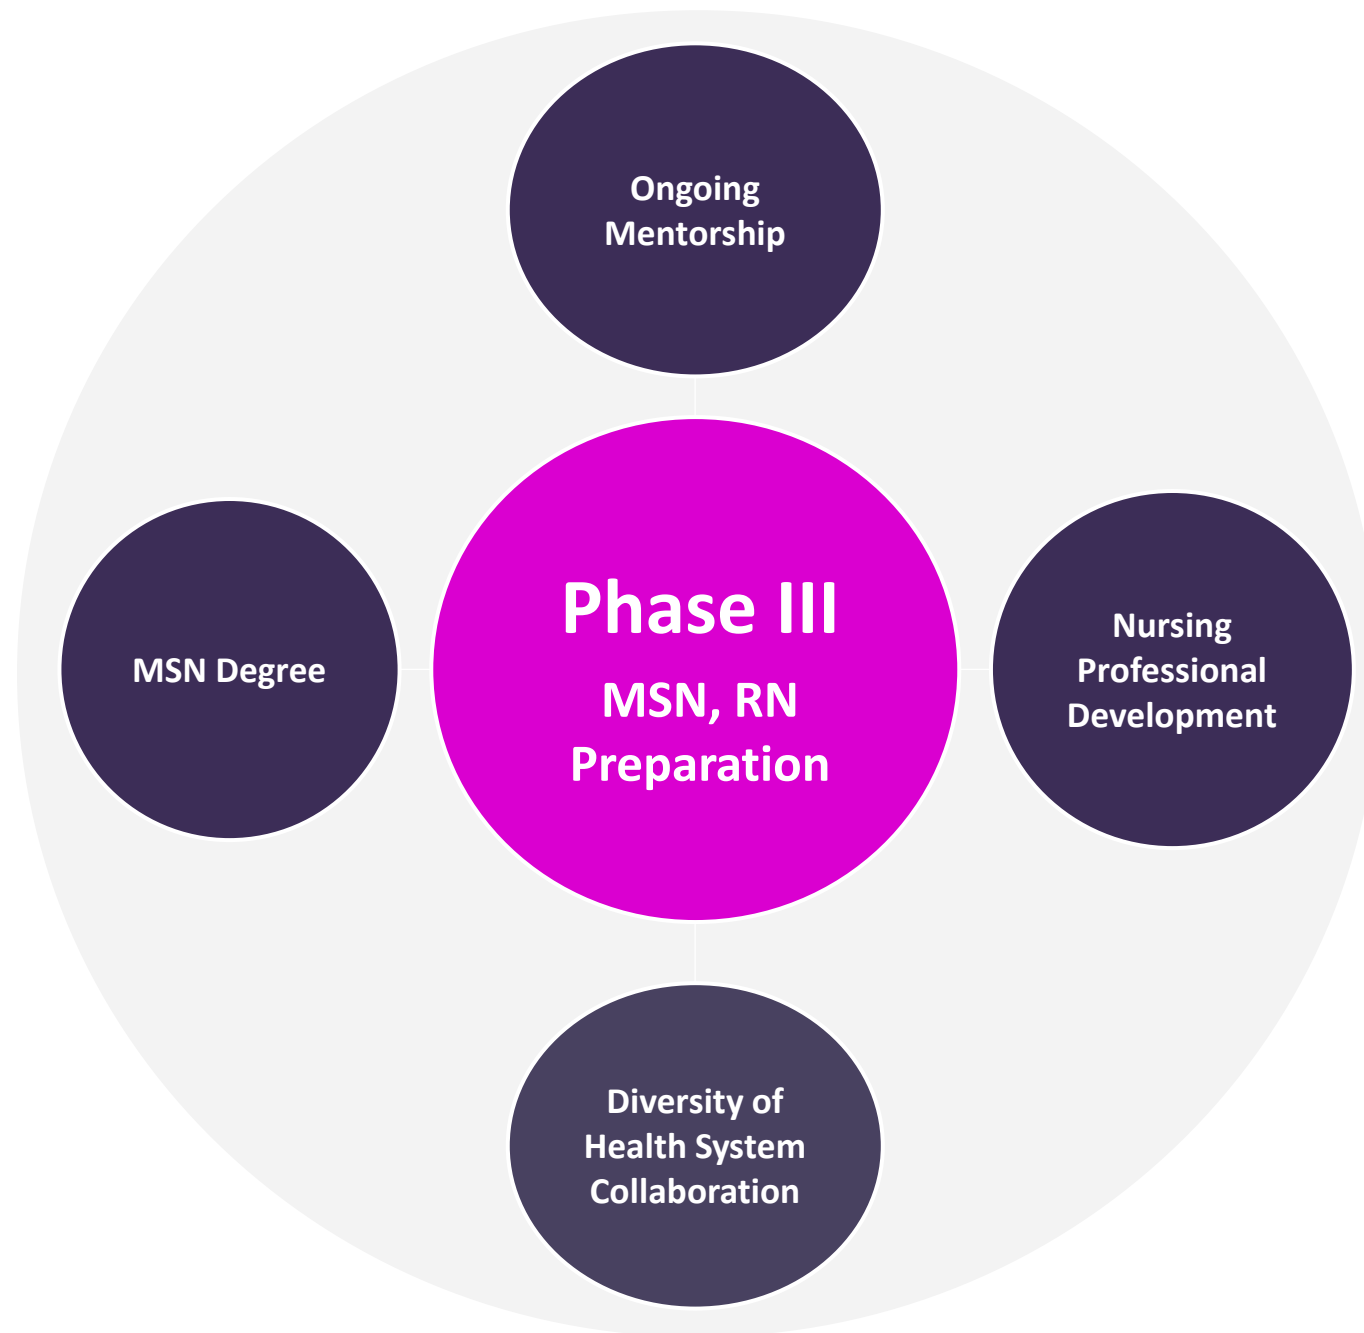

Phase I High School

Phase II Undergraduate

Phase III MSN, RN

What's *the* Goal?

By 2032, each year, **225 YOUTH**
will achieve the following:

100 Phase I graduates,
75 Phase II graduates, and
50 Phase III graduates.

Objective #3

Recognizing the challenges to successful implementation of educational pathways

- Challenge #1: Building a comprehensive partnership network
- Challenge #2: Optimizing direction, alignment, and commitment
- Challenge #3: Securing resources to ensure sustainability of the pathway

Resource Alignment *of Partners Committed to the Same Goal.*
